

IPC 2-way CF Rules

designed by the Swedish Parachute Association

These rules are supplementary to the IPC 4-way canopy formations rules.

Working time: 120 sec., can be reduced by the chief judge because of weather conditions, not shorter than 90 sec.

Exit altitude: 2000 m AGL, can be reduced by the chief judge because of weather conditions, not lower than 1500 m AGL.

Draw: 5 rounds, each round consist of 4 points that have been drawn from the dive pool of 6 formations. When a formation is drawn, it will be returned to the dive pool so that it may be drawn again.

Judging: If a formation is omitted then the team receive no further points. No mirror formations are allowed. All formations shall be performed as shown in the dive pool, seen from behind.
